1. Meeting Details

Date	Time	Location	Attendees
Wednesday, Jan. 31, 2018	6:30 to 8:30 p.m.	Creekside Elementary School Gym 5321 Ephesus Church Road Durham, NC 27707	35

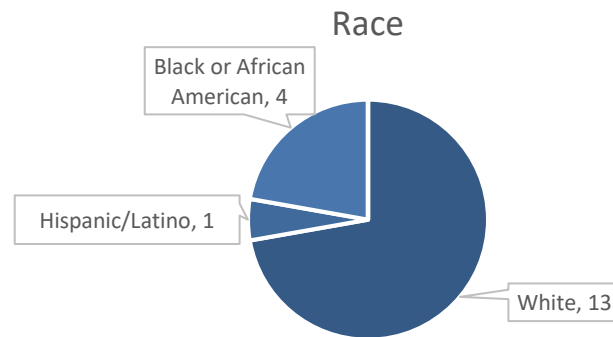

2. Attendees

During sign-in, attendees were asked to provide their home addresses. 30 of the 32 individuals who provided this information lived in one of the two zip codes immediately adjacent to the ROMF site (56 percent in 27517 and 38 percent in 27707).

About half of the attendees provided optional demographic information. These participants were significantly older than the area median (43 years in 27517 and 33 years in 27707), and males were overrepresented (48 percent male and 52 percent female in the surrounding areas). These participants roughly mirrored the racial mix of the 27517 zip code (82 percent white and 7 percent black) but were much whiter than the 27707 area (46 percent white and 41 percent black, with a weighted average for both zip codes of 63 percent and 19 percent).¹

3. Purpose

This open house was held to continue conversations with neighboring residents and property owners about the Rail Operations and Maintenance Facility, to share updates that had taken place since the last public meeting, and to provide opportunities for feedback on the design of the entry gate and landscape plant palette.

4. Agenda

- 5:30 p.m. – Arrival and set-up
- 6:00 p.m. – Project team arrival and briefing
- 6:30 p.m. – Open house begins

6. Outreach

Two methods of outreach were used to advertise the meeting.

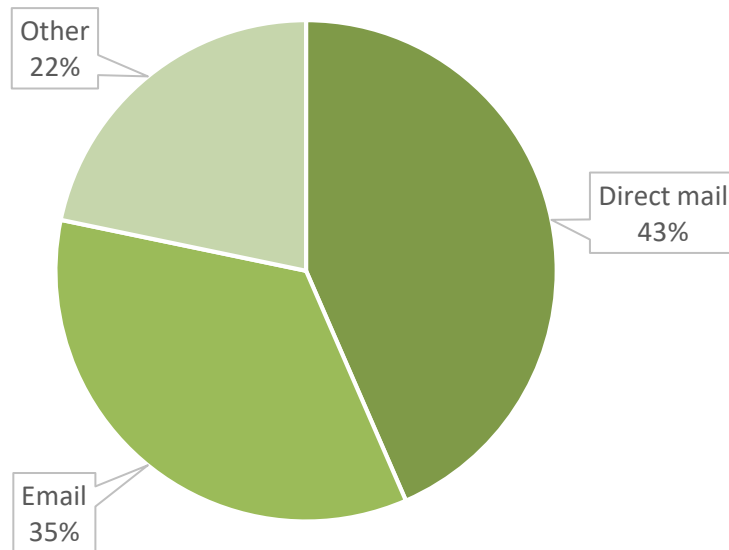

Outreach Item	Number	Responsibility	Launch Date
Direct mail postcard	596	HDR	1/17/18
Email invitation	61	GoTriangle - DOLRT	1/16/18

Postcards were sent to every address that received a direct mail invitation to the November 2017 ROMF meetings to invite them to continue the conversation. Addresses that were collected at the November 2017 ROMF meeting were also included in the direct mail distribution.

In addition, everyone who provided an email address during sign-in for the November 2017 meetings received an invitation by email.

During sign-in, 23 of the 35 participants (66 percent) shared how they learned about the meeting. Direct mail and email covered almost 80 percent of the responses. Many of the remaining respondents indicated some form of word-of-mouth communication.

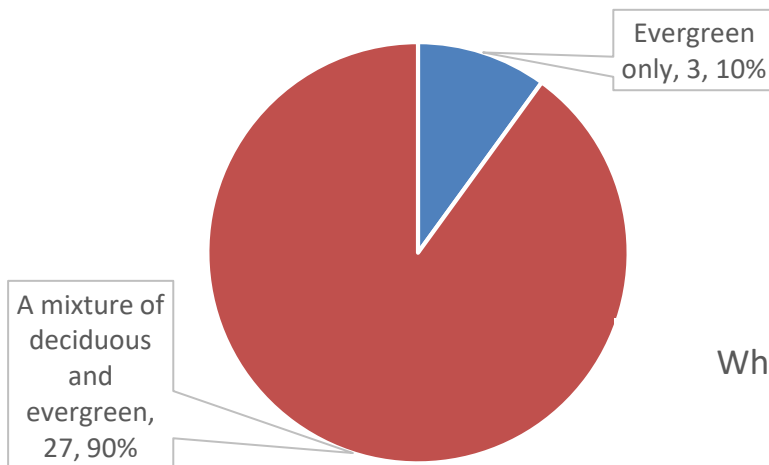

How did you hear about the meeting?

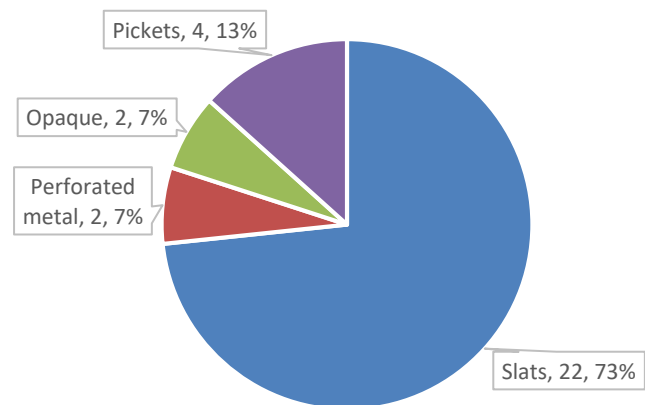

7. Voting Summary

Open house attendees were invited to cast votes on two items: the plant palette preferred for the site's landscape buffer, and the type of gate at the Farrington Road entrance to the facility. Participants overwhelmingly favored a mixed plant palette featuring evergreen and deciduous plants, and almost three fourths preferred a slatted gate.

Which landscape plant palette do you prefer?

Which family of gates do you like best for this site?

8. Comment Summary

Comment forms were available to meeting attendees and collected on site. Two comments were received. One focused on the availability of federal funding for the project, and the other on fare-setting for the light-rail system.

- ① When will the choice riders (prime?) be surveyed to see if they will ride the light train and at what price? Is the light rail price ~~is~~ sensitive, very price sensitive, or will people not ride regardless of price.
- ② Based on survey results, ridership estimates can more accurately be predicted and verified.
- ③ Survey needs to be performed by outside independent contractors to prevent any unintentional bias in the questions and results.
