5. Workshop Flow

5.1 Context Presentation
Theresa McClure, Robin Baker, Matthew Clark and Juanita Shearer-Swink all served as presenters in the first segment of the workshop. The context presentation provided history of the project, an explanation of brand and aesthetics, and provided directions for the interactive portions of the workshop.

5.2 Table Exercise
Workshop attendees were seated at tables of six to ten participants with a table facilitator. The table facilitator posted three questions to the attendees: What do you celebrate about our culture and history? What do you love about living here today? What do you want to see this community celebrate in the future?

Table facilitators encouraged conversation and discussed the answers to these questions with the goal of categorizing and grouping the words. Each table reported out to the entire workshop the top three words or phrases that their table came up with. Each word or theme was recorded on flip charts at the front of the room.
5.3  Consensus Exercise

After each table reported out their chosen words or themes, each participant was given three sticky dots and asked to vote on the words or themes they felt were most important or most representative of the region. After all votes were tallied, the themes with the most votes were:

**Top Words/Themes (1/16/18 meeting)**

- Black Wall Street
- Cultural Diversity
- Grit
- Innovation

**Words/Themes (2/20/18 meeting)**

- Cultural Fusion
- Natural Heritage
- Research and Innovation
5.4 Visual Mood Boards

After the selection of the top themes, workshop attendees were asked to choose images to represent them. Each theme was assigned to a SmartBoard. Each SmartBoard had a rudimentary library of images loaded (as a PDF) to initiate the decision making process. Google image search was also available for participants to assist in finding the exact image they envisioned. The majority of participants searched Google to find images. Images were snipped and posted to a virtual white board to create a collage of images. Each participant was asked to provide images and input for each theme.
6. **Online Meeting**

An interactive online meeting was made available between January 4 and February 20 to allow participation without in-person attendance at a workshop. The online meeting began with an approximately nine minute video mirroring the in-person context presentation and gathered themes from participants through a series of five multiple choice and open-ended questions.

Results from the online meeting are detailed below.

**Question 1:** What words best capture the spirit of this community? *(Results are ranked from most popular to least popular selection)*

1. Diverse (58%)
2. Education (49%)
3. Welcoming (44%)
4. Creativity (37%)
5. Research (31%)
6. Growth (28%)
7. Historical (28%)
8. Innovation (28%)
9. Up-and-coming (27%)
10. Green (26%)
11. Technology (25%)
12. Culture (22%)
13. Energetic (22%)
14. Environment (22%)
15. Health (22%)
16. Authentic (19%)
17. Cutting-edge (16%)
18. Quirky (14%)
19. Bold (12%)
20. World-class (10%)
21. Traditional (8%)
22. Industry (5%)

**Question 2:** Everything, whether a person or object, has a certain character and personality to it. What is this area’s character and personality? *(Results are ranked from most popular to least popular selection)*

1. Dedicated to learning and advancement (32%)
2. Creative and ever-changing (19%)
3. Active and environmentally conscious (18%)
4. Hard-working and innovative (13%)
5. Technologically advanced and intelligent (11%)
6. Entrepreneurial and daring (7%)
Questions 3:
What do you celebrate about our area’s culture and history? Questions was open ended. Responses to question generated the following word cloud to illustrate common themes.

Questions 3:
What do you love most about living here today? Questions was open ended. Responses to question generated the following word cloud to illustrate common themes.
Questions 5:
What do you want to see this community celebrate in the future? Questions was open ended. Responses to question generated the following word cloud to illustrate common themes.

Responses to all three questions were combined to create the following word cloud to illustrate common themes among all responses.

Dear <<First Name>>,

You’re invited to help guide the appearance of Durham and Orange Counties’ light rail project.

GoTriangle is holding two workshops this January, each of which will give you an opportunity to provide insight, ideas, and suggestions for the appearance of the light rail project. Workshops will be held on the following dates -- click below to RSVP.

**TUESDAY, JANUARY 16**
6:00 p.m. - 8:00 p.m.
Hayti Heritage Center
804 Old Fayetteville St.
Durham, NC 27701

**THURSDAY, JANUARY 18**
6:00 p.m. - 8:00 p.m.
Chapel Hill Public Library
100 Library Dr.
Chapel Hill, NC 27514

The content of each meeting is the same. The interactive workshop is expected to last the full 2 hours.
The light rail project is a 17.7-mile infrastructure investment which will provide over 26,000 trips per day to residents and commuters. This rail project will provide a congestion-free transportation alternative that connects the people in our communities to jobs, healthcare, and education in Durham and Chapel Hill.

Participate Online

If you are unable to attend in person, please visit our on-demand workshop. You will be able to provide your input through February 1, 2018.

Special Accommodations

If you need special accommodations (translation or interpretation), contact GoTriangle at 919-485-7572 five days before the meeting to make arrangements.

Acomodaciones Especiales

Si necesita acomodaciones especiales (traducción o interpretación) comuníquese con GoTriangle al 919-485-7572 cinco días antes de la reunión para hacer arreglos con el equipo del proyecto.

Jim Porto Wow...so many negative comments, you would think all are against this, which I seriously doubt. On balance it appears to me this could be a good investment. I cannot attend because I will be in Paris that week, riding the metro, otherwise I would attend and lend support for this. The sooner the better to advance the quality of life here in the triangle!

Chris Schultz How about building this thing already? Public input is fine up to a point but the Chinese would have built the entire rail line by now. Congestion is the area is worsening. We need LRT this year and cannot wait another 10 years for it to become reality.

<td>#1: On 2 fliers handed out at registration neither mentions handicapped (walkers/wheelchairs/power wheelchairs/scooters, etc.) access. I went to your website re: future transit and while Godurham access is listed as a collaborator on the new light rail project again, no particular mention is made re: handicapped access as outlined above. What are plans for handicapped access on the new light rail? #2: Re: this meeting this evening again handicapped accessibility was omitted, I was about to leave because I couldn’t get in building. A passerby familiar with the building assisted and I finally gained access. #3: ADDITIONAL NOTE! In looking at map for proposed plan you mention “park and ride” and other services but once again handicapped access is not noted. #4: With only an estimated 19 ft width, how can people using larger mobility devices (i.e., power wheelchairs / power scooters) supposed to 1) get on light rail? 2) maneuver once inside the train (i.e., turn around)?</td>
