Welcome
Chapel Hill is a community where riding a bike is safe and convenient everyday choice. It’s a fun, healthy, and good for the environment. In 2013, the League of American Bicyclists named Chapel Hill a Bicycle Friendly Community. This award recognizes Chapel Hill’s success in accommodating people who are walking, bicycling and using transit.

This map identifies the community’s existing on-street bicycling facilities and network of crossodds. Whether you are a resident looking for a safe walk or bike ride through the woods, or a tourist enjoying a bike ride or a student looking to explore the surrounding area without a car, you should find this map helpful.

Please do your part to improve bicycling in Chapel Hill by riding responsibly, following the Rules of the Road and sharing the roads. Feel free to contact and use these suggestions for how to improve bicycling conditions. Let’s work together to keep Chapel Hill safe and bicycle-friendly.

Your comments and suggestions are always welcome. Please contact us at bikechapelhill.org or call 919-549-5500.
